

OVERVIEW OF THE ALLIGATOR RIVER BRIDGE TRANSPORTATION PROJECT

Project Intent

- ▣ The intent of this project was to ease the financial burden of workers attending employment from Tyrell and Washington counties to the Outer Banks.
- ▣ Their normal 20 minute ride turned into a 2 ½ hour ride with the closing of the Alligator River Bridge.

Process

- ▣ Division came to PTD requesting transportation assistance when the Bridge construction began .
- ▣ Coordination among adjoining counties effected : Tyrell, Hyde, Washington, Dare
- ▣ Meeting with county representatives, N C D O T Division and PTD staff to discuss project and plan to provide transportation initiative.

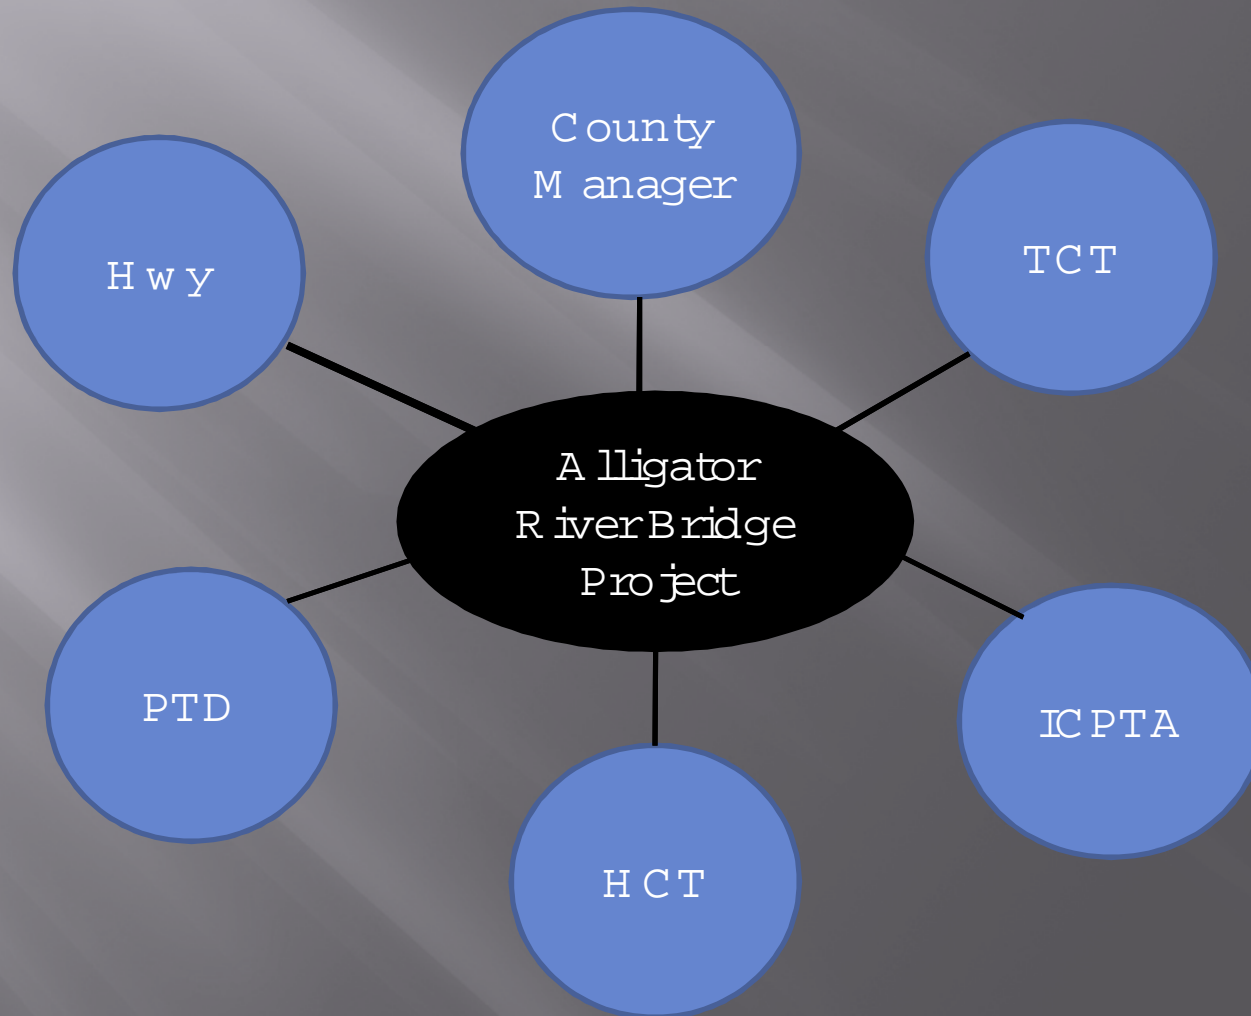

Process

- ▣ Tyrell County requested transportation assistance for their county .
- ▣ PTD contacted area systems to request assistance with a transportation plan .

PTD Organized a Stakeholders Meeting, where surveys were developed

Client Registration Forms were Developed

_____ Site for Northern Beach Commuters To Be Determined
_____ Hwy 94 Lake Road Location, Fairfield

Certification For Job Access Reverse Commute (JARC) TRANSPORTATION ASSISTANCE PROGRAM

*The intent of JARC is to provide funding for operating expenses for projects that transport
low income individuals to and from jobs and activities related to employment, and for
reverse commute projects.*

**This project will serve the rural counties of Camden, Chowan,
Currituck, Hyde, Pasquotank, Perquimans, Tyrrell and
Washington counties, which qualify all individuals attending
functions listed to the left under reverse commute.**

Park & Ride lots were established
and route logistics were designed
around client demand.

Project Statics

- ▣ Project ran from April 2-14
- ▣ 51 clients registered to ride
- ▣ 165 trips were performed
- ▣ 5,690 miles were traveled
- ▣ Total project cost \$9707.35
- ▣ Cost per trip \$58.53
- ▣ Average one way route 219 miles
